All the family members tasted delicious, different and cultural food that was brought by each of the SPU staff. The next morning was started with aerobic activity followed by telematch for the children and adults. Various activities had been organized by the telematch team such as mini games for the children, group games for adults, treasure hunt and etc.

Lucky draw and Karaoke were the most awaited event by all. The second day night began with karaoke contest for children and followed by karaoke contest for adult.
