The students of Biotechnology were actively involved in the participation of BIOBORNEO 2015 Conference and Exhibition. The event was held at Sutera Harbour Resort, Kota Kinabalu on 20th and 21st of April 2015. The students were directed by Miss. Hartinie Marbawi and Dr. Rahmath Abdulla. This platform provided an opportunity for the degree and postgraduate students of Biotechnology to share the knowledge and experience with bio-based individuals and industries. The students’ involvement in BIOBORNEO 2015 were in the following categories such as Branding You, Book hunt, Biocoffee talk, BIO 101, Grooming, Bio tower and Bio-spelling. In addition, our students also had the privilege to register with “Biokerjaya SPA” which guides them to find job vacancies related to Biotechnology industry. Our sincere gratitude and salute to Prof. Dr. Baba Musta (Dean, FSSA) and Malaysian Biotechnology Corporation for the kindness and never ending support given for the successful participation of students for this event.
