

BAYER YOUNG ENVIRONMENTAL ENVOY 2010

On July 2010, Aaron Gan was selected to participate in the Bayer's Young Environmental Envoy camp which was held in Miri, Sarawak this year. He had the opportunity to explore the Niah caves and did tree planting in UPM Bintulu campus. He also had the opportunity to interact with the Bintulu Development Corporation which is responsible for the town planning and development. After the camp, he was joined with other participants to do an environmental project of their own and chose a homestay project conducted in homestays in the Kundasang area. After completing his project, he went for the wrap up presentation in September 2010 in KL. One of the judges for the presentation was Karam Singh, Malaysia's famous reporter that is a pro-environment journalist. However, he did not get a chance to go to Germany because there were better environmental projects conducted by other participants.
