

UMS third in Multimedia Invention Competition

LABUAN: Labuan International Campus (UMS-KAL) won the third place of the national level Multimedia Invention Competition held at UiTM, Dungun, Terengganu recently.

The university, represented by students of Labuan Informatics Science School (SSIL), won RM300 cash, trophies and certificates in the competition where 30 teams took part.

They were third-year student Lee Swee Kee and Multimedia Technology students Nashira Putri Nazari, Maizatul Ikmal Harun and Mohd Shukor Mohd Taslim.

In the programming competition, the team

secured the sixth place.

SSIL lecturer Leau Yu Beng who accompanied the students, said the

competition had given the students great exposure and uplifted the names of UMS and SSIL at the national level.
