

## **Two new species of *Ooia* (Araceae) from Sabah, Malaysian Borneo**

### **ABSTRACT**

Two new species of *Ooia* (Araceae) from Sabah, Malaysia, *Ooia sayapensis* Kartini and *Ooia ulusenagangensis* Kartini are described as new species. Both are distinguished from the only current Sabahan species, *Ooia kinabaluensis* (Bogner) S.Y. Wong & P.C. Boyce by the presence of pistillodes at the pistillate flower zone.
